

**CALIFORNIA
CONSERVATION
GENOMICS
PROJECT**

Dear CCGP Investigators,

Given that we are entering into the third year of the CCGP as well as a new academic term, we would like to confirm that our contact list for funded projects' team members and collaborators is up to date. We expect it's possible for there to have been some personnel turnover in the time since we first requested this contact information, and we have various pieces of information, planning materials, and exciting updates that we will share with team members over the coming year. To ensure that all of our correspondence makes it to the necessary inboxes, we are requesting that you review our current list of project team members and complete the form to include anyone from your team that may be missing, add any new members, or remove inactive members.

1. [Click here to view our list of project team members](#)
2. [Click here to submit new contacts or remove old contacts](#)

Please don't hesitate to reach out with any questions.

Thanks!

The CCGP team
